Featuring Keynote Speaker Paul Mellor You Have the Right to Remember

Paul Mellor is President of Success Links, a memory training company dedicated to helping improve the lives of people by improving their memory power. A finalist in the **2008 USA Memory Championship** in New York City, Mellor remembered the names of over 90 people in less than 15 minutes, recalled in correct order over 100 single digit numbers after a five minute study and recalled the exact order of a shuffled deck of playing cards after less than a three and a half minute review. His popular seminars have been presented to law enforcement throughout the United States. He has written extensively on memory improvement and has been quoted in *Newsweek*, *The Wall Street Journal*, and *USA Today*. You've been schooled in weaponry, self defense, policy and procedure. You have all the tools and equipment at your fingertips, but sometimes that's not enough. Instead, the information you need is on the tip of your tongue. If you could only remember.

This program rids your poor memory to a memory that is efficient and reliable. You'll learn techniques on how to remember names and faces, how to speak in court without notes, and how to get through the day without the fear of forgetting. The best part is, you'll find the answers to your memory problems are already in your head. You can improve your memory. This program shows you how.
